Strateco is a visionary strategic environmental business specialising in projects which pre-empt cultural and legislative change and work towards a sustainable society.

We are looking for a degree-level environmentally qualified person to become a trainee member of our team and to do so the successful candidate must be interested in people, be motivated and committed to our aims.

The successful applicant will initially be giving administrative support and after training the majority of the role will be in supporting our project work for B2B Compliance (www.b2bcompliance.org.uk) – operating under the WEEE regulations.

This is a great opportunity to work in our dynamic and passionate business and to contribute to its development.

The closing date for this post is noon on 20th August and short-listed applicants will be notified shortly after the closing date.

Send a one page CV and a covering Letter to clarei@strateco.co.uk

Interviews will be held in Oswestry, Shropshire.
